

TSICP 32nd Annual Conference

It will soon be time once again for TSICP's Annual Conference. The Education Committee has lined up some wonderful speakers including our own, Patti Grant, Dr. Richard Cheatham from Texas State University and the "guru" of disinfection/sterilization, Dr. William Rutala (just to name a few)!

If you missed out on the conference last year, take a look at some of the comments from attendees:

- 2. All the speakers were outstanding and presented information I can utilize in my work. Thank you.*
